## Why it comes to "Aonang Phu Petra Resort"?

A panorama of mountain locates prominently in front of villas inspired us to call it "Phu" which means a mountain. The numerous cave paintings of sailboats, probably drawn by pirates who paused in the cave on their travels from west to east many hundreds years ago in Viking cave, a famous tourist destination on the east side of the northern peninsula of Koh Phi Phi Le in Krabi, is a source of "Petra" which means sailboat. Mixing it together made it to be the "Phu Petra".... and THAT IS THE STARTING POINT OF OUR HOSPITALITY.
